

REQUEST FOR SADAREM CERTIFICATE

Disability certificate is most important for the person with disability to access any government schemes either central or state. Generally, the Disability certificates are issued by the local medical board manually and there was no central data repository of PWDs. Whenever Government or NGO's wants to do any rehabilitation programmes, again they need to arrange for new assessment camps to indentify the needy groups. This leads more time consumption/ cost and also professionals/ person with disability will get dissatisfaction.

Government of Andhra Pradesh have been exploring the possibility of introducing a transparent mechanism for screening and assessing the degree of disability which requires an assessment software that is objective, scientific, verifiable and based on parameters that doctors measure and compute to generate the percentage of disability accurately. The Department of Rural Development in close collaboration with Women Development, Child Welfare, Disabled Welfare & Welfare of Senior Citizens Dept., have evolved a scientific computer aided disability assessment strategy.

Using this software, Doctors assess the PWDs and issues the computer generated Disability Certificate with unique ID along with Identity Card.

Objective:

Objective of the Project is Development of Dynamic Web enable system for comprehensive access, rehabilitation and empowerment, through automation, capacity building, assessment of persons with disabilities PWDs and maintaining Decision Support System (DSS).

SADAREM ICT solution is designed to cover the following features:

- ☐ Scientific assessment of degree of the disability is done on the basis of methods and formulas prescribed in the Gazette 2001 issued by the Ministry of Social Justice and Empowerment, Govt. of India
- ☐ Generation of a computer based Disability Certificate with unique ID along with Identity Card.
- ☐ Assessment of needs and maintaining the centralized data base. Software will also generate all the details including the support services that the disabled persons are entitled, based on the need assessment and a record of the services provided from time to time.
- ☐ The database thus generated will be hosted in the Public Domain to enable service providers to reach out to the disabled persons.

1. Physical Impairment/ Locomotor disability/ OH

2. Visual Impairment
3. Hearing Impairment
4. Mental Retardation/ Mental Illness
5. Multiple Disabilities

The features of the software called SADAREM (Software for assessment of Disabled for access rehabilitation and empowerment) are:

1. Scientific assessment of degree of the disability is done on the basis of methods and formulas prescribed in the Gazette 2001 issued by the Ministry of Social Justice and Empowerment, Govt. of India.
2. Generation of a computer based Disability Certificate with unique ID along with Identity Card.
3. Assessment of needs and maintaining the centralized data base. Software will also generate all the details including the support services that the disabled persons are entitled, based on the need assessment and a record of the services provided from time to time.
4. The database thus generated will be hosted in the Public Domain to enable service providers to reach out to the disabled persons.

Aim & Objectives of the Project:

- ☐ 100% coverage (All disabilities, all Age/ all genders.)
- ☐ Disability evaluation and Certification
- ☐ Providing Access of PWD Database to various Govt. programs, schemes
- ☐ Rehabilitation (Full Life Cycle Needs, Holistic Development)
- ☐ Empowerment (Rights, full participation, independent living, DPOs)
- ☐ Creating Centralized Database of PWDs
- ☐ Process Development & Improvement

Inputs taken to Develop the Project: During the initial stages of requirement collection, department has taken various legal support and Government acts to build the software. Few of them are given below.

- ☐ Persons With Disability Act- 1995
- ☐ Rehabilitation Council of India Act – 1992
- ☐ National Trust Act – 1999
- ☐ Disability Evaluation, Gazette of India – June, 2001 is using for the disability evaluation and percentage calculation

☐ Informed Beneficiary- From various professional in each disabilities were helped to form and restructured the formats and software
